Cable Stripper No. 28 - 35

WEICON cable strippers allow all common round cables to be stripped accurately, quickly and safely. The cable stripper product family includes various types which have different additional functions, thus meeting the individual needs of the users.

The cable knife 28 – 35 enables a precise, fast and safe dismantling of all common round cables with a diameter between 28 and 35 millimeters. The cable knife has an ergonomically shaped, anti-slip multi-component handle. The cutting depth can be adjusted accordingly with the use of an adjusting screw at the end of the handle. This prevents damage of the inner conductor. The self-rotating cutting knife, which is integrated in the body, enables an automatic adjustment from round to longitudinal cutting.

Technical Data

Cable types	Fine-wired and solid conductors with
Cable types	PVC insulation
Inner blade	Adjustable & replaceable
Additional benefit	Safety bracket without blade
Material	Glass fibre reinforced polyamide
Weight	108 g
ArtNo.	50050435

Note
Working with WEICON Stripping tools is only permitted with potential free wires and conductions.
