

# Degree Protractors

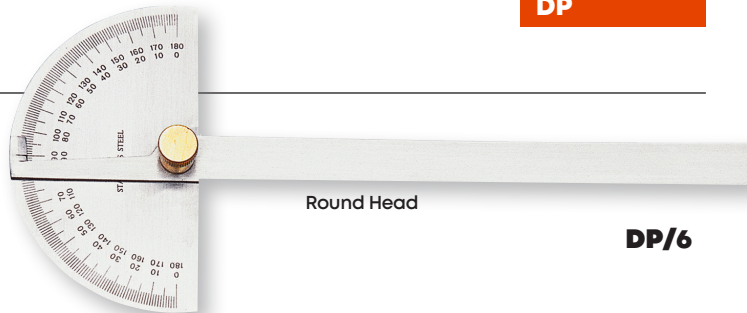

**DP**

Manufactured from stainless steel

Head has permanent deep etched graduations, 0 to 180° in opposite directions permitting reading an angle directly and also its supplement

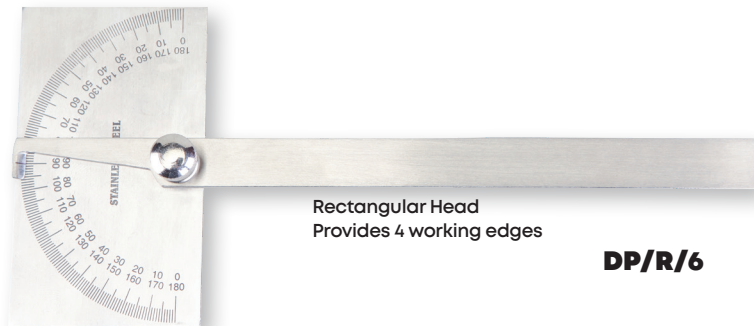

Blade is set at the desired angle by adjusting knurled nut

Ideal tool for machinists, draftsmen and mechanics for setting bevels, transferring angles, small squaring tasks, checking cutter clearances within limits etc.

Round Head

**DP/6**

Rectangular Head  
Provides 4 working edges

**DP/R/6**
