

Architectural drawing of a new soundproofing structure (新工口防音). The drawing shows a cross-section of a wall and floor assembly. The wall is 1,900mm wide and 5,100mm high. It features a concrete structure with a soundproofing layer (防音) and a ventilation hole (エコ防音). The floor is 1,800mm wide and 200mm high. The drawing includes dimensions for the wall, floor, and the soundproofing layer, as well as labels for the ventilation hole and the soundproofing layer.
