

Ullman Devices Corp		RoHS Material Declaration Form	
Material Composition Declaration		By submitting this declaration, we confirm that each of the part numbers listed in this declaraltion are either 1) in compliance with the substance restrictions of RoHS directive, 2) not RoHS-compliant but will be converted to compliant, 3) not RoHS-compliant and either will or will not be replaced by an alternative, 4)exempt. If any items listed are an assembly with lower level parts, the declaration covers all lower level listed materials. We also confirm that we have made this determination using appropriate systems and processes to ensure accuracy of the data supplied and will maintain appropriate records to allow traceability of the products covered in this declaration	
Restriction of Hazardous Substances (RoHS) Directive 2002/95/EC		Maximum concentration value of 0.1 % by weight in homogeneous materials for lead (Pb), mercury (Hg), hexavalent chromium (Cr) VI, polybrominated biphenyls (PBB), and polybrominated diphenyls (PBDE) and 0.01% by weight in homogeneous materials for cadmium.	
Supplier Information			
Company Name Ullman Devices Corp	Contact Name Richard Kalb	Name of Person (Ceo or company executive certifying this declaration as true and correct Richard Kalb	
Company Address 664 Danbury Road Ridgefield, CT 06877 USA	Contact Phone 203 438 6577 203 431 9064 (fax)	Title Vice President	Email rkalb@ullman-devices.com
