Declaration for RoHS / REACH / Conflict minerals

RoHS-2

Directive 2011/65/EU

RoHS-3

Directive 2015/863/EU (use of hazardous substances in electrical and electronic equipment)

Our products do not fall within the scope of validity of this directive.

According to our current state of knowledge, all our products are RoHS-conform.

Though several products contain a small amount of lead as alloying element, the EU commission agreed on these exceptions in the year 2018.

Exception: These products are NOT RoHS-conform:

- No. 416: Pressed shutter bolt

- No. 440: Shutter latch

Should you require the above products with a Cr(VI)-free surface, please send us your request, stating details.

Asbestos

Our products are asbestos-free according to our current state of knowledge.

REACH

Regulation EC/1907/2006 (registration, evaluation, authorisation and restriction of chemical substances)

As a downstream user of substances, AMF is not subject to the duty to register.

According to our current state of knowledge, our products, when used under normal, reasonably foreseeable conditions, do not release any substances that could create a hazard.

WEEE

Directive 2002/96/EC (for waste electrical and electronic equipment)

Our products do not fall within the scope of validity of this Directive.

PFOS

Directive 2006/122/EC (use of PFOS in the aerospace, semiconductor and electrical industries, and the photographic industry)

According to our current state of knowledge, our products do not contain any substances in concentrations which forbid them to be placed on the market.

AMF. WIR SORGEN FÜR SPANNUNG.
AMF. WE GENERATE EXCITEMENT.

Seite 2

Conflict minerals

According to our current state of knowledge, we confirm that our products do not include any minerals that have their origin in conflict regions.

For us it goes without saying that, in our production, we adhere to all legal requirements relating to health and safety and environmental protection.

With best regards

ANDREAS MAIER GMBH & CO. KG
