Declaration of RoHS Compliance for
Showa® NSK26-10 Glove

After review of current Directive 2015/863 and the formulation for the Showa NSK 26-10 glove it was determined that, the glove does not contain any materials listed this regulation.

To the best of our knowledge the substances restricted by the RoHS 3 are not used in the product listed above, based on our supplier-supplied information. Please note that Showa does not analyze its products for substances not purposely added, trace amounts of any chemical or substance could be found as impurities in some ingredients. Showa will make every reasonable attempt to notify customers of changes to raw materials or processed that may cause a product to fail to comply as we learn of such situations.

For additional information regarding compliance of this or any Showa Group product, please contact Showa Customer Service at 800-241-0323 or email custserv@ShowaGroup.com.

Regards,

Rick Pewitt
